To Whom It May Concern

RE: WISESTAFF REPORT

This letter is to alert you to the fact that we had some errors in our employees' years of service the last few years. Trying to work through those errors (approximately 25 of them) which need to be cleaned up.

I am submitting the years of service as they should be moving forward. Also, I received warning errors which I acknowledged. I hope that this will suffice.

Please contact me with any questions:
